PREFACE

Among South Carolina's 28 teacher education institutions are some of the oldest, newest, largest, and smallest in the nation. Rich in their variety, all share a commitment to the training of teachers and to the profession of education.

As a member of the National Association of State Directors of Teacher Education and Certification (NASDTEC), the State Department of Education applies NASDTEC standards suitably modified or extended by the State Board of Education to teacher education programs leading to state certification. In addition to graduation from an approved program, candidates for certification must pass the appropriate test in their particular area of study.

As required by state policy, this list is distributed annually "to all South Carolina colleges, universities, school superintendents, and shall be available to any other appropriate institution or agency."

South Carolina Department of Education: An Equal Opportunity Agency

RECIPROCITY

Interstate Agreement on Qualification

Of Educational Personnel

The National Association of State Directors of Teacher Education and Certification (NASDTEC) is comprised of states which subscribe to a common set of standards for the evaluation and approval of teacher education programs in colleges and universities. In addition, more than thirty states have also passed legislation and signed contracts providing for participation in an interstate agreement on Qualification of Educational Personnel. The members of this compact have agreed to take advantage of the experience and preparation of professional educators wherever gained and through programs of cooperation and reciprocal acceptance provide for the free flow of teachers and other educational personnel among the party states.

M.A.T. PROGRAMS

For purposes of teacher certification, the M.A.T. program (Master of Arts in Teaching) is regarded as a Basic undergraduate program designed for initial certification. In keeping with this policy in South Carolina, admission to such programs is for those persons seeking initial certification only. For those already certified, graduate programs leading to such degrees as the M.Ed., M.A., or M.S. would be appropriate.

REQUIRED EXAMINATIONS

All applicants for a teaching certificate must take the appropriate examination and score the minimum qualifying score acceptable for certification in each area as determined by the South Carolina State Board of Education.

1. **South Carolina Teaching Area Examinations and Minimum Scores***

The following South Carolina Teaching Area Examinations and minimum scores will be required for certification as indicated.

Area of Certification	Teaching Area Examination	Required Score

***After the Fall 1987 test administration, all South Carolina Teaching Area Examinations except German and Latin will be administered as part of the National Teacher Examinations State-Sponsored Testing Program. These examinations are currently being revalidated, and revised minimum scores will be established by Spring 1988.**

****Tests not available. Persons meeting all other requirements for certification will be issued conditional certification until such time as tests are available.**
(Refer to Item 3 on page 6 for additional information on conditional certification.)

2. **National Teacher Examinations and Minimum Scores**

A score on the Specialty Area Examination of the National Teacher Examinations is required for certification in those areas for which an appropriate Specialty Area Examination exists and has been validated for use in South Carolina. 3. **Conditional Certification Procedures For Those Areas For Which No Teaching Area or Specialty Area Examination Exists**

Persons seeking certification in areas for which no teaching area or specialty area examination exists and who meet all requirements for certification in effect on the date of receipt of all required documentation other than a certification test score shall be issued a Conditional Certificate valid for one year. This Conditional Certificate shall be renewable annually upon written request from the teacher until the State Board of Education adopts examinations which have been validated for certification purposes with minimum qualifying scores. Upon the adoption by the State Board of Education of the validated examinations and minimum qualifying scores, teachers holding the Conditional Certificates will be required to take the designated area examinations and present the minimum qualifying score to be issued a Professional Certificate.

The total number of years an individual holds the Conditional Certificate as outlined above will be deducted from the normal five-year life of the Professional Certificate at the time of issue.
